Quality Individualized Care
About the OakLeaf Medical Network

The Network was founded in 1994 by a local group of committed physicians out of a desire to deliver personalized healthcare to individuals and their families throughout the Chippewa Valley. Today the Network is continuing to provide the highest quality medical and surgical care based on this promise. As a physician-directed, patient-centered health service, the Network links 175 Physicians and Advanced Practice Professionals covering 25 communities and growing.

A Message from the OakLeaf Network Physician Board

Healthcare is changing, but we believe one thing should not change—the all-important one-on-one relationship you have with your physician. The members of the Network share a common desire to do whatever it takes to instill your confidence in our medical knowledge and judgment on your behalf.

We also believe it is important that you are involved with your own healthcare choices as we work together to return and improve your health. As part of this team effort we count on you to measure your experience with us each time you visit.

While some of us have been practicing for over 25 years in the Chippewa Valley as your neighbors, some have recently joined OakLeaf and are making the same commitment. Simply put, our vision for you and our community is to be careful stewards of available health resources while providing the highest standard of quality care for you and your family.

We look forward to serving you.

comfort heals
OakLeaf Surgical Hospital is committed to the healing and comfort of our patients, and it shows. Our patients are loving our new facility—a beautiful environment that provides the very latest technological advancements in surgery blended with warmth, comfort and convenience.

With 52 surgeons mastering 14 specialties, our focus remains on providing quality individualized care from our dedicated, friendly, professional staff. Now that’s comforting.
This directory lists the physicians and clinics that participate in OakLeaf Medical Network. Please check with your health insurance company to confirm if a physician participates with your health insurance plan.
